Aluminum/Stainless Steel Parts Scale 12 In. x 11 In. x 4-1/2 In. 66 Lb. Capacity White

MODEL BDSC-66

Packaging Equipment / Parts Scales

PRODUCT OVERVIEW

A parts scale is an important addition to manufacturing and shipping areas. The scale has a compact design, making it suitable for table tops and work areas. With a capacity of 66 lbs., the scale is capable of weighing small to medium size objects. The 115V 1-phase power supply enables consistent daily use, without the fear of batteries running low. The housing is constructed of aluminum, while the scale pan is stainless steel, making it easily cleanable.

KEY FEATURES

- Multiple mode functions, including tare
- Light weight design; only 6 lbs.
- Large read out screen
- Push button controls
