Steel Pin Style Fork Extensions with Load Rails 5" X 96" 4,000 Lb. Capacity Yellow

MODEL FE-5-96-P-LR

Fork Truck Attachments / Fork Extensions with Side Brackets For Load Straps

PRODUCT OVERVIEW

Lifting long, large items with standard forks can be a difficult and dangerous. To ease those burdens look for a pair of Vestil fork extensions, with tie down load rails. Let us explain the benefit of this unique style. From time to time securing items with tie downs is next to impossible. Fork extensions routinely have a smooth exterior with no built-in point to connect straps or other safety equipment. With this alternative design you will find tie down rails evenly spaced throughout the extension, giving the user the ability to pick and choose the best place to secure the load. Not only that, but the multiple rail feature eliminates the chances of the tie downs slipping or sliding beyond each segment. One of the best parts is just how easy thes...

KEY FEATURES

- Cast steel tips
