Steel Fork Lifter 18-1/2 In. x 6 In. x 14 In. 400 Lb. Capacity Yellow

MODEL FORK-P

Fork Truck Attachments / Fork Lifter

PRODUCT OVERVIEW

Manually lifting and carrying individual forklift forks used to be demanding, dangerous, and labor intensive. Now, thanks to continuous ingenuity, work in the manufacturing, farm, and freight industries just got easier! This fork lifter is specifically designed to assist in removing forks from the forklift carriage. To use, simply slide the lifter over the body of the fork until it reaches the desired position and then tighten the two security knobs to prevent the lifter from moving further down the fork. The lifter is now ready to be attached to your lifting equipment by utilizing one of the six hook points!

KEY FEATURES

- Adjustable tension handles for safe lifting and maneuvering
- Strong durable construction for a lifetime of use
- An array of hook rings to fit the users precise lifting needs
- Easy storage from compact design
